About Us

Dunamis Instruments pride itself to be a company giving utmost assurance towards achieving our customer's trust. For us customer satisfaction comes first before any other desired organizational goals for which companies strive hard to accomplish.

Dunamis Instruments since formed we have witnessed rapid but consistent growth in our customer base and business volumes. We pride ourselves to be a reliable brand name having presence in three continents across the world. This has been achieved through our committed efforts to serve the requirements of our customers in best possible manner.

Through collaboration with surgeons, clinical technicians and nurses around the world, we identify surgical needs and advance them into effective and safe products.

Special or Custom Designed Instruments

Dunamis instruments welcome the opportunity to manufacture instruments that are currently available, but are desired in an alternative tip/-handle selection or belong to special school of pattern. We produce custom designed instruments on your request as well. Please send us an actual sample and/or a detailed written description that includes all dimensions and measurements.

Dunamis instruments Group Guarantee

Any product that fails within the expected lifetime of an instrument as a result of material defect or poor workmanship will be repaired or replaced at no charge.

How to Place an Order

Instruments can only be ordered through our authorized dealer. Your surgical dealer will take your order and ship the products to you. If you have questions prior to placing an order or if you would like to place an order for any of our products, please contact us at info@dunamisinstruments.ca

SURGICAL

Extracting Forceps	4-23
Root Elevators	24-38

Straight Interproximal **DI-03-145**

For anterior crown removal.

45° Angle **DI-03-146**

For cuspids, bicuspid and even first molars.

Occlusal **DI-03-147**

For occlusal separation especially in hard to remove crowns that have been bonded to the tooth.

DI-03-125

Right Angle **DI-03-148**

For molars.
